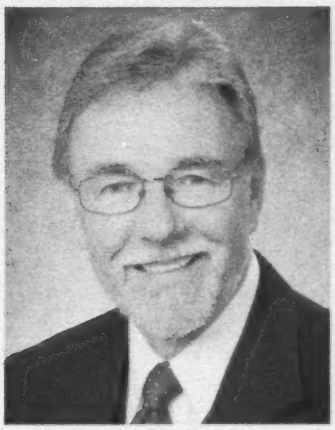
Message from the Provincial Secretary



It is my pleasure to present this report on the Government of Saskatchewan's French-language Services Policy which highlights the achievements of our ministries, Crown corporations and government agencies over the fiscal year 2012-13.

The year 2012 was proclaimed the Year of the Fransaskois by the Government of Saskatchewan. In celebration of the year, there was continued collaboration with the Francophone community, whereby the Provincial Secretary, responsible for Francophone Affairs, participated in several events including a visit to Quebec as part of a provincial delegation promoting Fransaskois arts and culture.

The province will continue to build partnerships that ensure Saskatchewan's Francophone communities are vibrant and contributing to the growth of our province. As Provincial Secretary, I thank all partners and stakeholders who have contributed to the achievements presented in this report.

D. Wayne Elhard
Provincial Secretary

ongoing initiatives

2012 – Year of the Fransaskois

The year 2012 marked the centennial of the Assemblée communautaire fransaskoise (ACF), the umbrella organization for Francophone associations and organizations in Saskatchewan. In recognition of their important contribution and to highlight our ongoing relationship with the Francophone community, the Government of Saskatchewan proclaimed 2012 the **Year of the Fransaskois**.

Throughout the year, the Government of Saskatchewan supported and attended events to celebrate this important contribution and provided support for a variety of programs.

Continuing to increase our Capacity to Partner with the Francophonie

In 2012-13, Saskatchewan partnered with the federal government in matching a contribution of $172,500 under the Canadian Heritage Cultural Development Fund. This joint investment resulted in the continuation of the Portail culturel fransaskois program for a second year with an envelope of $335,000. The goal of this partnership, completed in March 2013, was to support and strengthen the cultural and artistic activities of the Fransaskois community and to enhance its vitality.

The Portail culturel fransaskois, managed by the Saskatchewan Arts Board and the Francophone Affairs Branch (FAB), was a two-year initiative. Over the two-year term, 31 artists and 12 Francophone organizations were awarded financial grants that increased their capacity for artistic creation, production and touring. It also increased their visibility in the province.

ongoing initiatives

Francophone Community Infrastructure Fund

In the 2012-13 budget, Saskatchewan's Francophone Community Infrastructure Fund (FCIF) allocated $100,000 in order to provide ongoing support for capital projects that support the vitality of Francophone communities across the province.

The FCIF awarded funding to seven organizations in five communities: Regina, Saskatoon, Prince Albert, Gravelbourg and Bellegarde. The funds were used to support projects which included renovations of community centres, improvements to a local community arena, installation of playground structures and the renovation of theatre space.

Promotion of the Fransaskois Flag – A Provincial Emblem

Fransaskois flag, Wascana Park, Regina, SK

Saskatchewan continued to promote the Fransaskois flag in 2012-13 through its community recognition initiatives.

The communities of Saskatoon and Regina were recognized with a flag installation including a provincial plaque highlighting the community's important contributions to Saskatchewan's Francophonie.

The province is proud to promote this provincial emblem and, more importantly, recognize our many deserving Francophone communities.

Francophonie

Saskatchewan's French-language Services Centre

The French-language Services Centre continues to promote and facilitate access to services in French from all ministries, Crown corporations and agencies. It provides a single-window for citizens to access provincial services available in French.

In 2012-13, the *Bonjour!* website attracted 71,672 visits to its 476 pages. This corresponds to a 16 per cent increase in website traffic from the previous year. During the same period the Service Centre responded to 472 requests from citizens requesting services in French.

The Services Centre continued to use social media in its communication strategy to reach out to members of the Fransaskois community with news on programs and services available in French. Through its *Services en Français* Facebook page, the Centre now communicates with more than 428 people to promote government programs, advisories, information and services.

The Service Centre can be accessed online through the *Bonjour!* website (www.bonjour.gov.sk.ca). Citizens can also contact the Centre toll free at 1-888-345-0850 or by email at bonjour@gov.sk.ca.

Provincial Secretary's Advisory Committee on Francophone Affairs

The committee met three times in 2012-13 and also published a report on Saskatchewan's French-language Services Policy. Members of the committee met with relevant community stakeholders as well as senior public servants to conduct an evaluation of French-language services offered by the Ministry of Social Services.

All Advisory Committee reports and recommendations can be accessed through the Intergovernmental Affairs' website at www.ops.gov.sk.ca.

translation

Translation Services

The year 2012-13 saw an increase in translation by FAB services of 15 per cent over 2011-12 with 755,754 words translated. This increase can be attributed partly to the number of documents translated for the Ministry of Health, with the translation of 18 information sheets on immunizations, and to documents for the Saskatchewan Arts Board for grant applications. Another sector that has grown in terms of access to documents in French is the Service Best course made available to service industry workers in French by the Saskatchewan Tourism Education Council.

Saskatchewan continues to give greater priority to the translation of documents and webpages which facilitate more active and direct communication with its French speaking citizens.
